Product list for the EU certificate No. CEEB 1710075 & CEUS-1710076

Because our certificates No. CEEB 1710075 & CEUS 1710076 don't list all the essential oils covered by them, some of our customers are not sure whether the organic oils they are buying are actually covered by these certificates.

We therefore request Certisys to confirm that the products mentioned in the attached list are indeed conform to EU889/2008 & 834/2007, and covered by our certificates.

Thank you for your assistance.

Sincerely yours,

Elisabeth Vossen
